

# INSPIRATIONS FROM CONFUCIUS (LITE / PAID)

Omnitoons Pte Ltd

**Price: Free (or \$0.99)**

This app contains the inspirational quotes and teachings of famed Chinese sage Confucius, from the book 'The Analects of Confucius.' The Lite app has 42 of the 160 teachings and 2 of the 8 topics of Confucianism: The Delight of Study and True Essence of Filial Piety and Benevolence. You get about 89 pages with 42 quotations, all of which can be read in classic Mandarin text with hanyu pinyin or in an English translation. There are additional explanations and messages that you can tap on, to help you understand and reflect on the text better. The app offers tilt-scrolling and customizable transitions speeds, as well as a choice of transitions between pages and quotations (Slide/Fade/Curl). If you are keen to know more or feel you want to progress, you can download the full version of this app. This contains all 160 teachings over 331 pages, and has 6 additional topics and 160 quotations. What makes both versions of this app great is that each teaching is accompanied by a modern cartoon illustration. This makes it a more accessible and fun approach to Confucius than the original heavy texts and, therefore, is perfect to give your child in Singapore. This app is genuine piece of Chinese heritage, culture and wisdom for your child to enjoy.
